Parents,

Fredonia High School is accredited through AdvancED. This means that we meet the requirements set forth by the accreditation agency ensuring a high standard of education. It also allows our diplomas to be accepted by colleges and universities throughout the United States.

According to their website, AdvancED is “a non-profit, non-partisan organization that conducts rigorous, on-site external reviews of Pre-K-12 schools and school systems to ensure that all learners realize their full potential.” AdvancED was established 10 years ago by the combination of two accreditation agencies: the North Central Association Commission on Accreditation and School Improvement and the Southern Association of Colleges and Schools Council on Accreditation and School Improvement and was later expanded with the addition of the Northwest Accreditation Commission. FHS has been accredited with this institution since 2005.

This year is an accreditation year for Fredonia High School. A team from AdvancEd will visit our school and ensure that we are still meeting the standards and expectations. They will examine a lot of different information from students, teachers, parents, and administration.

As part of the accreditation process, a parent survey is required. This survey can be found on the Fredonia Schools webpage, www.fredonia.org. Please take a few minutes and complete this survey. The information we get from this survey will help us design a plan to continue to improve the education of your children.

Thank you.

Brett Waite, Principal
